

IMMUNIZATION RATES for SCHOOL YEAR 2013-2014

Proctor Junior and Senior High School

Immunizations are required for enrollment in all Vermont schools in order to prevent the spread of infectious diseases. The Vermont Legislature passed a requirement in 2012, that all schools must make immunization rates for the student body available to the public. The information below identifies the percentage of students who have been fully vaccinated, and the percentage fully vaccinated for each individual vaccine. For purposes of comparison, the percentage of all Vermont students enrolled in kindergarten and seventh grade who received the required vaccines is also presented.
